

KX-1052 Mounting Paste

Tire Mounting Lubricants make mounting/demounting tires easier, faster, and reduces stress and damage to the tire bead.

KEX Tire Repair's simple to use Mounting Paste is easily applied and will not corrode or discolor aluminum or alloy wheels. *This fast drying formula will not freeze or harden and reduces wear and tear on tire changing equipment.*

- Excellent Lubrication
- Superior "Tack"
- Reduces tire/rim slippage
- TPMS compatible
- Great for low profile and run flat tires
